CEO's message

Rising to the challenge

We live in challenging times. The economic downturn, rather than dampening our spirits, is providing us with a wonderful opportunity to harness our business smarts, creativity and resourcefulness so we can steer Uni.Asia General Insurance Berhad to even more greatness.

While it was business as usual in 2008, we hope to make 2009 a year to focus on exceeding our customers' expectations so we can create long-lasting relationships with them.

One such product that allows us to strengthen this bond with our customers is the StarRider PA insurance plan. Taking into account the 'leaner' budgets of our customers, this 7-in-1 plan offers seven benefits to the insured including the passenger(s) at truly affordable premiums. At just RM0.17 per day, wouldn't you say your life is worth protecting?

Like all businesses, sales targets must be met to ensure the longevity of our company. On this note Uni.Asia General launched its Staff Get Member Programme late last year so our employees too could do their bit to increase the sales revenue of our company. We are happy to report that so far the programme has received good response from the staff and everyone is being resourceful in making their lists of prospective customers.

Business aside, Uni.Asia General has continued its commitment to Corporate Social Responsibility activities in recognition of the fact that everyone, including those running charitable homes, have had no choice but to tighten their belts. Early this year, we visited Asrama Cahaya to celebrate Chinese New Year with the senior citizens there and made a small donation. Last year, several of our staff took part in our Blood Donation Drive. We are thankful for how willingly they came forward to donate blood and as a company, we pledge to continue our efforts to reach out to the poor and underprivileged in any way we can, in 2009.

I would also like to take this opportunity to congratulate the top performers of our Staff Recognition Programme. The management acknowledges you for doing more than your official job responsibilities by making the effort to sell Uni.Asia General products. Thank you for your contributions.

Till we meet in the next issue, I wish all readers the best for 2009. Let us continue to work 'Towards Excellence'.

Best regards,

Mohd Fauzi Yaakub

A drop of blood helps save others

Fifty-two staff of Uni.Asia General stepped up to the call to donate blood on 23 December 2008 during a Blood Donation Drive at Menara Uni.Asia.

It is hoped this campaign can be made into an annual event as hospitals in the Klang Valley are always in need of volunteers to help fill their blood bank.

It is interesting to know that those who regularly donate blood enjoy many health benefits themselves. For one, donating blood helps reduce the chance of contracting heart disease later in life. It also enhances the production of new red blood cells and helps in fighting hemochromitosis. For the fitness conscious among us, isn't it wonderful to know that donating blood helps burn calories and leaves elderly people with an invigorating feeling! And while you're helping save the lives of others, you get a basic blood test carried out free of charge as every donor enjoys a mini blood test before donating blood.

The Uni.Asia Blood Donation Drive was organised by the UAGI Sports and Welfare Club. To all those who came forward, the committee extends its heartfelt thanks to you for doing your part to help save the lives of those in need.

Staff introduce products to family & friends

A new Staff Get Member Programme was launched on 25 November 2008 to complement the existing Staff Recognition Programme and to give our staff the opportunity to introduce Uni.Asia products to their family and friends.

Taking effect on 1 December 2008, the programme encourages all staff to sell an average of two policies per month to relatives and friends for each financial year.

To make the policies more attractive and to ease the sales effort, all staff

can offer a 10% discount on Non-Tariff Personal Line products sold to relatives and friends. This also includes Medical, PA, Travel and Driver & Passengers' Insurance.

Besides the discount on selected insurance products, staff will be rewarded according to the guidelines of the existing Staff Recognition Programme. Once tabulated, announcements of top-performing staff will be made on a monthly basis.

Staff are encouraged to rise to the challenge of the Staff Get Member

Programme so the company can increase its sales revenue and fulfil its call of reaching 'Towards Excellence'.

Old folks remembered during Chinese New Year

Staff of Uni.Asia General took time off their busy schedules to visit the old folks of Asrama Cahaya on 23 January 2009.

The home, managed by Sister Betty for over 20 years now, is located in Bukit Nanas. It is home to many senior citizens, some of whom were abandoned by their own children. There are also several handicapped residents there who were abandoned by their parents since birth.

Although their stories are sad, Sister Betty has made a comfortable life for these folks at the home. And when Chinese New Year came around, staff of Uni.Asia General did their bit too in cheering them up with a short visit.

Apart from the distribution of *ang pau*, staff also donated essential items like canned food, milk powder, cookies and such.

The visit to the old folks home was part of Uni.Asia General's Corporate Social Responsibility efforts to give back to society, in particular the poor and underprivileged.
